

MUD-TRAKS®

Lawn Mat Series

Whatever Your Business:

- Cemeteries
- Golf Courses
- Landscapers
- Special Events
- Utilities
- Tree Service

- MUD-TRAKS® are the strongest and lightest panels available.
- Composite fiberglass materials allows panels to bend and twist, but not break from heavy loads.
- Textured on both sides for good vehicle and ground traction.

- MUD-TRAKS® allow you to drive over curbs and sunken areas without damage.
- Perfect temporary Roadways that prevent damage to lawns, underground utilities and sprinkler systems.
- No more restoration to lawns when the job is finished.
- For Vehicles under 35,000 lbs.

The Lawn Mat Series Does The Job !!

- **MUD-TRAKS®** Designed with Ergonomics in mind.
- Features helps control injury costs.
- Manufactured with either Hand-Cut Outs or Rope Handles.
- Their size and weight allow them to be utilized by workers in the field.
- No special equipment required.

- **MUD-TRAKS®** Come in different sizes for a variety of applications.
- Won't break, splinter or fold up.
- Size for Size Stronger & Lighter than Plastic Mats.
- Spreads load over a wider area than any other small mat.
- Doesn't absorb water like plywood.
- Unaffected by heat or cold.

*For Rubber Tire/Track Vehicles Only!
No Steel Tracks.*
