

***A Must Have for Dunes, Beach etc.
Never Get Stuck Again !!***

SANDMATS

SANDMATS Are Sold In Pairs

Sandmats are constructed of high density polyethylene. These mats will bend but NOT break.

**Size is one foot wide and four feet long and one half inch thick.
Approximate weight is 13 lbs per mat (26 lbs total).**

Sandmats work for all off road vehicles to include RVs.

Sandmats are designed to get you UNSTUCK. These mats will work in sand, dirt, mud, ice and snow. It is all about TRACTION and MOMENTUM.

Sandmats are a must for sand areas like Pismo, Glamis, Dumont, Buttercup, etc.
